## HARMON INDORSED FOR PRESIDENCY

OHIO DEMOCRATS IN CONVENTION INDORSE HIM IN STRONGEST TERMS.

### NOMINATED FOR GOVERNOR

By Acclamation—Believed That If Elected He Will Resign to Enter Campaign.

Dayton, Ohio, June 22.—The Democratic party of Ohio goes into the state campaign this fall with Judson Harmon as its candidate for Governor and President. The democratic state convention, which completed its labors today, indorsed him in the strongest terms for the presidency of the United States after it had renominated him for governor by acclamation.

The belief held by many delegates that the governor would resign shortly after the beginning of his new term in order to become a candidate before the next democratic national convention was voiced by former Gov. James F. Campbell.

#### Opposed Indorsement.

Gov. Harmon made a futile request of the resolutions committee that they omit the presidential indorsement resolution saying he is making his present fight on state issues and did not want national issues injected into the campaign coming. He was told that it could not be prevented.

Atlee Pomerene, who himself was a candidate against Mr. Harmon for the nomination in the state convention two years ago, almost angrily demanded that he be not compelled to make the sacrifice, as he termed it, of accepting the nomination for Lieutenant Governor. Although his name was not placed in nomination, he received nearly enough votes on the first ballot to nominate him. He formally withdrew, but on the second ballot, before the roll call was completed the nomination was made unanimous. He asked time to consider the matter, and after an hour's conference with his friends announced he would accept.

I believe this announcement would not be complete if I did not add that an experience of the past two year sin placing the Battis entertainments has convinced me that, in addition to the prestige of his work as a literary masterpiece, it has proven itself to be one of the most popular entertainments available for either Chautauqua or Lyceum platform. ## SAVINGS BILL PASSES SENATE

Obtained Votes of Only Three Insurgent Republicans and One Democrat.

Washington, June 22.—After successfully resisting every attempt of progressives and democrats to amend the postal savings bank bill, the senate this afternoon accepted the measure as it came from the house by a vote of 44 to 25.

Three progressive republicans, Senator Cummins, LaFollette and Bristow, voted in the negative. Senators Dolliver and Clapp did not vote at all. One democrat, Senator Chamberlain of Oregon, voted for the bill.

#### Meets Taft's Desires.

The bill as it passed the senate meets in general the desires of president Taft in the matter of postal bank legislation, and he will sign it at once.

Postmaster General Hitchcock will then begin preparation for the installation of postal savings banks, and one of the greatest constructive pieces of legislation in recent years will soon be in operation.

The establishment of these banks will be left to the discretion of the postal bank board of trustees, and it will behoove communities that desire their establishment to get in touch with the Postmaster General on the subject.

#### COFFEYVILLE BOOSTERS

##### MAKE ADA A VISIT

The special train carrying about 150 of Coffeyville, Kan., representative business men and members of the Commercial Club, paid Ada a visit this morning.

They made their presence in our city known and felt by their display of energy and enthusiasm and left but little room for doubt, but that they were the real bona fide article in the booster line.

They were welcomed to our city by Mayor Little, and their speaker, ex-Senator Bennet, was introduced to the citizens by Hon. J. W. Davis. Senator Bennet then addressed the crowd briefly, but to the point after which the party scattered out into groups and spent a short time in looking over the business portion of the city.

Their special train left Coffeyville Tuesday evening at 6 o'clock and is on a tour of Eastern Oklahoma. On either side of the train, running its entire length is a huge banner bearing the legend: "Coffeyville Business Men's Special."

DeKalb (Ill.) Evening Chronicle.—The audience laughed until tears came into their eyes.

## DECISION COMES TODAY

CAPITAL CASE MATTER NOW IN HANDS OF U. S. JUDGE CAMPBELL.

### THE ARGUMENTS ENDED

Judge Burwell's a Masterpiece of Logic for Defense.

"If," said Mr. Burwell, "the government of the United States sees fit to allow Oklahoma to go ahead and to locate its state capital, no individual citizen can complain, since this alleged contract was with the United States. Does not the United States, by its silence give acquiescence to the removal of the capital? It does. By its silence and failure to enforce this alleged contract, if it can be enforced, the United States acquiesces in the removal of the state capital and close the mouth of every citizen to complain."

Mr. Burwell then read the following extract from a decision of the United States supreme court: "A third party cannot take upon himself to enforce the terms of a grant when the government itself does not complain—it was within the power of the government to prosecute the breach of the contract by the state or to condone it."

Guthrie, Okla., June 22.—At 4 o'clock tomorrow afternoon Judge Campbell of the United States circuit court will hand down a decision in the capital removal case that may practically decide the matter. Arguments in the federal case were concluded this afternoon. B. F. Burwell of Oklahoma City former associate justice of the supreme court of the Territory of Oklahoma, took up the entire morning session in what is generally conceded to have been the most powerful and complete argument yet presented to the court. In the afternoon Burford, Horner and Dale concluded for Guthrie, talking about thirty minutes each, and Attorney General West then closed the case in ten minutes.

Judge Campbell, who showed by several good-humored remarks during the day that he was wearying at the seemingly interminable legal discussion that has lasted two days and one night session, said he would render an opinion at 4 o'clock tomorrow afternoon, "if I can pull myself together by that time." He gave no indication of what his decision would be.

A prognostication as to what Judge Campbell's decision will be would hardly be polite to the court and might be directly opposite to what he will do. That Guthrie's case is exceptionally lacking in technical precedents is not denied even by the Guthrie attorneys. That Oklahoma City has had decidedly the best of the arguments advanced is shown by the comment on the streets, where practically every one is in favor of Guthrie, and where tonight the expression is generally heard that the case looked like it would be thrown out.

#### What Decision Involves.

Judge Campbell may find, however, that this lack of matter in the suit instituted by Mr. Coyle to keep the capital, or this lack of precedent of a private individual to maintain such an action as involves a compact between the United States and a state, is apparent and not real; he may stretch his jurisdiction around the weakness presented by Guthrie in order to pass upon the one fundamental question involved: Is the enabling act binding? His decision will show.

Should the technical question as to the right of Mr. Coyle to contest in the federal court on such a matter be decided adversely to Guthrie, the case, of course, is bound to be thrown out. Should the technical question of jurisdiction be decided in favor of Guthrie, the judge has still to decide and pass upon the fundamental question of the enabling act's effectiveness. It is probable that his decision tomorrow afternoon will be upon both of these questions, since the entire case has been presented to him.

Should he throw the case out on the technical question, he may suggest, or Guthrie may find another way of going back into the federal court to get a decision on the question of the enabling act.

But should Judge Campbell affirm the effectiveness of the enabling act, he probably would grant a temporary injunction. Should he on the other hand hold the enabling act not binding, it probably would mean that the state capital would remain at Oklahoma City for the precedent of a high federal court declaring ineffective an act of congress would have a powerful effect upon a case in the state courts involving the same question.

Judge Campbell began the morning session by asking counsel to complete the arguments as soon as they could do so and do their cause justice. "You may overtrain me," he suggested, smilingly, "like they say in reference to the principals in our soon-to-be great national fight in California or Reno or wherever it may be."

## JAPAN IS SWALLOWING KOREA

Koreans Look Forward to Incorporation with Japan. Conditions Require Re-adjustment.

Washington, June 22.—Koreans are looking forward to the imminent incorporation of Korea with Japan as a consequence of the Russo-Japanese entente, according to advices received in Washington today. Information from Seoul is to that effect, in connection with the visit to Seoul of Sir Claude MacDonald, the British Ambassador at Tokio. It has been well understood at the State Department here, although not officially commented upon, that Great Britain has been consulted from day to day in the negotiations for the Russo-Japanese pact, Great Britain being Japan's ally.

Conditions in Korea are understood to require a drastic readjustment. Bearing this in mind, it is understood the appointments of General Viscount Terauchi, one time the Japanese Minister of War, as resident general in Seoul, and Mr. Isaburo Yamagata, erstwhile Minister of Communications of Japan, and the heir of Marshal Prince Yamagata, as deputy resident general, will be satisfactory to Koreans.

## HON. W. H. MURRAY IN BECKHAM CO.

WINDS UP IN SAYRE LAST NIGHT WHERE A LARGE CROWD WAITED HIM.

Explains the Difference Between Himself and Cruce on Suffrage Question.

Sayre, Okla., June 23.—Hon. Wm. H. Murray, candidate for governor made three speeches in Beckham county yesterday ending here in Sayre last night. He spoke in the opera house which was filled to overflowing. His explanation of his position upon the Torrens Land System, Indian tax, coal lands and the grandfather clause was most satisfactory to everybody. He stated that the principal difference between him and Cruce no negro suffrage was that he favored striking out all negroes but believed in permitting all white men to vote while Cruce favored an educational qualification for white men as well as negroes. He again challenged Cruce to go with him and meet him on the stump.

## MILBURN TO HAVE A BIG BARBECUE AND PICNIC

Milburn, Ok., June 22.—Milburn is to have a grand two days' barbecue and picnic July 20 and 21, at which a number of the most prominent speakers of the state are expected. Governor Haskell, United States Senator Owen, United States Senator Gore, the candidates for governor, and a number of other prominent persons have been invited to address the people. Elaborate preparations are being made to entertain the crowds expected.

#### AGED NEGRO SAVES

##### CHILD FROM BURNING

Hugo, Ok., June 22.—While playing with a toy stove at the home of J. C. Walton, little Bernice Short was badly burned by her dress catching fire from the stove. By timely appearance of a negro man, who smothered the flames the child's life was saved.

Frank Brown, Professor of Public Speaking, Drake University, Des Moines, Ia.—I have heard the best of the king's of the platform; and I have no hesitancy in pronouncing Prof. Paul F. Vielker one of the most instructive and entertaining lecturers to whom I have ever listened. Ada—Sunday afternoon.

## TAHLEQUAH CROWDED SHARKS PLENTIFUL

Eastern Cherokee Fund Amounting to Four Million Dollars Now Being Distributed Among Indians.

Tahlequah, Okla., June 22.—There is the biggest stir in Tahlequah today since the location of the state normal at this place.

Guion Miller and a force of four clerks and stenographers arrived today and have opened up headquarters in the old capital building for the payment of the Eastern Cherokee fund amounting to four million dollars. The first pay check was issued this morning at 9 o'clock. It is already apparent that the biggest part of the money and the greatest number of Indians will be paid at Tahlequah.

The town is full to overflowing with people. Hotel accommodations are impossible to secure now and lots of tents are being erected in and near town. The business men of Tahlequah are preparing for a big season while the payment lasts and money will flow through the Indian's hands like water. The usual hangers-on that follow big payments like this one are already in evidence, and others are coming.

#### Woman Gets First Check.

Alice Wilson, an aunt of Senator Robert L. Owen, drew the first check in the big Cherokee payment which began here this morning. Five thousand persons were here to draw their money.

#### BRIDE FAINTS; WEDDING HALTS.

Shawnee, Kan., June 22.—Miss Emma Katherine Zillhart, 26 years old, fainted at the altar in St. Joseph's Roman Catholic church here today during the ceremony that united her in marriage to James E. Fanning, a young farmer. She was carried from the church, revived with dashes of cold water, and a few minutes later returned and finished the service.

The little church was crowded when Father Theodore Schwam announced the beginning of the full Catholic wedding service. Miss Zillhart's face was seen to whiten and in a moment she sank to the floor unconscious.

Alfred L. Flude, Personal Manager.—Frequent commendations which I have heard from many of the most competent literary critics, has convinced me that Mr. Battis stands absolutely unequalled in America in the unique field he has chosen.

Entered as Second Class matter,  
March 26, 1904, at the Postoffice at  
Ada, Okla., under the Act of Congress of March 3, 1879.

The fair test of the negro's capacity is, what he does, when left to depend upon himself.

We know what the Celts, Saxons, Jutes, Angles, Danes and other white tribes did, when left to work out their own destiny. We see it in the state of things in which we live. We call it, christian civilization.

Now, what did the negro ever do when left to his own resources? Nothing. For thousands of years, the blacks of Africa had just as good an opportunity to evolve a civilization as the Indo-Germans people had; but the savage African tribe of five thousand years is faithfully represented by the savage man-eating tribe of today.

In Liberia, were located the very best American negroes who could be induced to return to their native country. A modern state was set up and these educated emigrants from the United States, were left in control of it.

With what result? A failure so complete, so hopeless, that it would be ludicrous, were it not so tragic.

An English traveler, recently from Liberia, states in the British papers, that everything is at a standstill, in that unhappy state. The government has stopped running; no lawmaking is being done; no public obligations are being met; no public affairs are being attended to; and the whole thing is chaotic.

These helpless creatures are all waiting for the whites of this country to go over and take charge of them—just as the British have to do in Sierra Leone, Jamaica, etc., and as we have to do in San Domingo.

In the face of such facts, isn't it a shame that Andrew Carnegie should contend, in effect, that the negro is the superior of the white man?

(The Hearst papers, and such writers as Ella Wheeler Wilcox, are on the Carnegie line. You can't do anything with those exceptional, abnormal whites who get "nigger" on the brain. When the small number of these cranks, now living, die out, their nauseating doctrine will be heard of no more. Nothing is written more clearly in the book of fate than that the whites, in order that civilization may be conserved, are going to rule this country, without any fusion with the negro.)—Tom Watson.

Robert Hunter, one of the world's foremost Socialists, said recently: "The constitution of Oklahoma is the greatest human instrument that has ever been written." In no other organic law are the rights of the plain people so emphatically declared and so jealously guarded.

The Socialists of Oklahoma should remember these words when they go to the polls. They should remember

## THE Ada National Bank

From the day of its opening, July 23, 1900, down to the present time the business of this Bank has gone forward without interruption.

Has accommodated more farmers than any Bank in the county

Has assisted more local enterprises than any other Bank in the City.

If you have unfinished business with this Bank for 1909 attend to it at once.

## Ada National Bank

what party wrote that constitution and what party secured its adoption in the memorable campaign of 1907. They should remember what party opposed the constitution in the Guthrie convention, what party assailed the constitution with federal injunctions to prevent its being submitted to the suffrage of the people, what party urged the people to reject the constitution, even at the peril of losing statehood, and what party imported Roosevelt's heir apparent to advise Oklahomans to vote the constitution to death.

And now when in the state campaign now pending fully opened the socialists have to choose between the party supporting the constitution and the party assailing the constitution, they should think seriously before exercising the suffrage power. In many counties of Oklahoma a vote for a socialist candidate is equivalent to a vote for a republican candidate. In all such counties the socialists should remember the words of Robert Hunter and hesitate long before assisting to power a party that has fought with insane fury the constitution which Hunter has so warmly commended.

## THEY WILL BE HERE JULY 10

The following is taken from the Morning Herald, Uniontown, Pa., where the ministers who will conduct the Presbyterian union meeting which begins here June 10 were holding a revival:

The greatest audience which ever gathered within the Presbyterian church was present last night at the last of the series of evangelistic services that the church has been engaged in for the past two weeks. Hundreds of chairs were pressed in to service and yet the seating capacity was not able to accommodate the attendance and scores of persons were standing in the aisles and around the walls while the hallway was jammed with those unable to gain admittance.

Rev. E. E. Hendricks preached an unusually forceful sermon on "Jesus Knocking at the Door," which was pronounced by the audience one of the finest sermons that they had ever heard. The sermon of last evening was remarkable for its force, lucidity and range; it was applicable to every person in the audience.

Rev. A. L. Carter rendered one of his best solos at the service. He is the possessor of a clear, sweet voice which is well rounded and with a range by which he gives just the expression necessary in his solos to secure the proper rendition of the selection.

Yesterday afternoon Mr. Hendricks addressed a men's meeting at the church which was attended by a congregation of men which filled the entire church. He preached on "The Sin of Saul," and Rev. Mr. Carter sang as a solo, "Sheltered at the Saviour's Feet."

At the evening service eight additional converts were secured bringing the total number of converts received up to 92. At the morning service, Rev. Dr. Thomas M. Thompson, of Sharpsburg, received into the church 64 of those who have been converted through the agency of this remarkable series of meetings.

Rev. E. E. Hendricks and Rev. A. L. Carter are both natives of Nashville, Tenn., and possesses the southern charm and manner and conversation. This afternoon at 1:45, there will be a farewell service held on the platform of the P. R. R. station to bid farewell to the two evangelists who leave for New Kensington where they conduct a two weeks' series of meetings. Leaving there they will go to Canonsburg.

Next June they will return to this city bringing with them a ten with a seating capacity of over 3,000 in which they will hold union evangelistic services with the co-operation of all the pastors of the city.

While they have been in Fayette county they have been at Smithfield, Masontown and a number of other towns, at every place making hosts of friends and if they return to Uniontown the success of their meetings is assured beforehand.

Dr. Thompson will return to Uniontown in two weeks at which time he will celebrate communion service.

## INGERSOLL MAN RECEIVES SERIOUS WOUNDS

Ingersoll, Ok., June 22.—Wade Shock, an employee of the Coulter Automobile Garage, received a severe wound when an emery wheel burst. A large piece hit him on the head, just above the eye, inflicting a large wound, at the same time fracturing his skull.

## Good Rains in Canadian County.

El Reno, Ok., June 22.—Good rains fell all over Canadian County today, accompanied in some instances by high wind and hail. Two hours of downpour visited El Reno. The rain comes in time to save corn, which had been suffering during the last few days.

## MURRAY GAINING STRENGTH.

Tide Seems Turning in Favor of the Farmer Statesman.

Reports from throughout the state indicate that Wm. H. Murray is gaining strength at a rapid rate. In southwestern Oklahoma, farmers drove as far as twenty miles to hear him present his claims, and at each meeting he was given a literal ovation.

People are looking forward with great interest to the debate between the candidates beginning on the 2nd of July. They are due in Ada on July 8th, and a great crowd is looked for.

His humor is delicious. Everybody likes his funny people, but best of all they like him. To have the blues while Kemp is around is out of the question. His is the smile that pushes back the clouds and radiates sunshine and good fellowship. Many have said, "It's worth the price just to hear Kemp laugh."

## FREE TEXT BOOKS.

Murray Would Have Law Passed Providing for Free Books to Primary Grades.

In his opening speech at Altus, Wm. H. Murray said:

In this case we are confronted with many poor families whose children are too young to assist the parent in gaining a livelihood and yet the parent is too poor to purchase their books. When the child is older, or has reached the age when the ordinary child has passed the primary grades, he can earn sufficient money with which to purchase his books, and it is necessary that the state, along with free teachers, shall furnish text books to those in the primary grade, to insure the attendance of all at school. The books required, even under the present system, which in some instances are too many books, would cost an aggregate sum of but \$177,000 to furnish text books to every child in the three first grades attending public school. Of what use is a compulsory free school system when the child is not old enough to earn sufficient money to purchase the books and the parent is unable to buy them? One would object and say "let's furnish those only who are too poor to make the purchase," as does Iowa, but the effect of this distinction would be corrupting to the minds of the pupils—affecting not alone the children of the poor, but the children of the rich when taunted as paupers. I should not want my child sitting at the same desk or one nearby to be gloating over the condition of another whose parents were poor, with the taunt, "My papa can buy me books, but your papa is a pauper." This thought imbibed from general conversation would injure my child as much as it would injure the other. The supercilious air gained in such comments would instill in his breast greater evil than the sting of poverty in the other. Hence the only solution is to furnish each and every child in a given class or grade a free book where anyone in the same grade is thus furnished. If free tuition, free school houses, free desks, and free teacher are to be furnished what lack of wisdom is there in free books? The state can well afford, without material decrease in revenue, to furnish the books to those in such grades. When the child grows older, whether the parent be able to furnish them or not, he will be old enough to earn money with which to purchase for himself the books required in his grade.

## STAMPEDE AT GRAND LEADER THIS MORNING

There is no use in talking, the ladies in Ada deserve commendation on their habits of punctuality, which were manifested by about one hundred and fifty of them this morning at the Grand Leader. Twenty dress patterns were to be given away to the twenty ladies who should call first as the sale today. At nine o'clock when the sale began they were there and had been for—well somebody said since daylight. The time came to open the doors. Rosenfield opened the doors; the punctual ladies made a dash; 'Rosie' made one too—to get out of the way. The screen doors were not open, but they did not stand any show against a crowd of women who wanted to be on time, and went down in the crash. The ladies got into the store—that is what they went there for, but some were minus hair, some belts, others both hair and belts, and some, it is said, got in skirtless. Such is the life in one of America's cities.

## FINE RAIN OVER THE EASTERN PART OF THE COUNTY

A fine rain is reported to have fallen over a large section of the Eastern part of the county last night or early this morning. While crops had not begun to suffer for moisture the rain was very acceptable, because it almost assures good crops, cooled the air and put new life into both plant and animal. A hard hail about one mile in width fell near Steedman which will make things look bad for a few days but did not do very much damage.

## The Schulz-Leigh Concert Co.

The personnel of this company consist of Mr. Forest Schulz, Violin Instructor of the Southwestern Normal and Miss Bessie Leigh, Reader and Interpreter of literature. Hear them at city hall this evening.

## The Chautauqua.

The Chautauqua began yesterday afternoon indeed. The city hall was filled with a large and appreciative audience both in the afternoon and evening. The Otterbein Quartet was just a little more than it was advertised. Gov. Buchtel makes you feel proud of the fact that you are living in the grand old U. S. A. This afternoon and evening Schulz-Leigh Co. and William Sterling Battis this evening. Hear them.

## Miss Case's New Home.

The finishing touches are being put on Miss Case's new home near the Normal building. This new home is a roomy one, built with a view of accommodating a number of roomers and is being prettily furnished for that purpose. Miss Case will either superintend the household, with assistance of a matron, or will rent the whole house to some one.

## Double Entertainment.

Mrs. G. T. Howerton served ice cream and cake Tuesday night in honor of Miss Treva Smith of Mineral Wells, Tex., who has been attending the state normal this year, and will return to Mineral Wells in a few days. Mrs. Howerton also entertained her music class of quite a number of girls.

## Two Indians Fined for Drunkenness.

Nick Wolridge and Johnston Porter, Indians, were arrested by Officers Goyne and Brady and placed in the city jail last night on a charge of drunkenness. This morning they were taken before police court and fined but not being able to pay their fines were remanded to jail again to enjoy a few hot evenings.

## Court House News.

Luke Jenkins and Albert Dunn were arrested on a charge of selling whiskey. They made bond for their appearance in county court which will convene in July.

## TWO CHARGED WITH SELLING BOOZE

Last night Marshalls Lee Price and Jim Lillard brought in Andy Blevins and Feller Blevins on a charge of selling whiskey. The two Blevins it is reported run a pool hall at Steedman and on Tuesday the 21st of this month both their hall and residence was searched and 65 pints of whiskey was found under the residence. It is furthermore alleged that Andy got full that day and took things in, disturbing the peace and saying a good many hard things to and about a good many people, and as a consequence he will have to face besides the charge of selling whiskey, two other charges one for slander and one for disturbing the peace.

## OVER THE STATE.

Yielding to the death bed plea of a wife and that of six children, who wanted the husband and father near them on the arrival of the reaper, Governor Haskell Tuesday morning granted a sixty day parole to W. M. Stephens, who has been confined in the state penitentiary.

Ben Lester, juvenile delinquent, who was sentenced to the Wynnewood reformatory by Judge Sam Hooker at Oklahoma City yesterday morning, entertained the spectators and courtroom attaches by a denunciation of Judge Hooker and Truant Officer Streeter and an attack upon Assistant County Attorney A. T. Boys when the latter attempted to lead him from the courtroom.

A young man giving the name of C. M. Hardman, and claiming to be the son of a millionaire oil operator is missing from Tulsa, after having issued several hundred dollars worth of bogus checks. He rented a swell suite of office rooms, bought automobiles, and became engaged to marry one of that city's young society belles. He claimed to be an attorney and claim collector.

Attorney General West, in an opinion to State Auditor M. E. Trapp, holds that state warrants can legally be issued at either Guthrie or Oklahoma City while the settlement of the state capital matter is pending. Trapp, who lives in Guthrie, refuses to issue warrants for any amount. Mr. West says the various state boards that are required to meet at the state capital can not meet for the transaction of further business until the state capital proposition has been definitely settled.

Four people are dead at Marietta, as a result of wood alcohol poisoning. Three of the dead are Mexican tamale vendors, one of them being a woman. The fourth victim is a negro. One bad feature of the case is that the negro did not tell others of his tribe where he got the dope.

## HARMON INDORSED FOR PRESIDENCY

OHIO DEMOCRATS IN CONVENTION INDORSE HIM IN STRONGEST TERMS.

## NOMINATED FOR GOVERNOR

By Acclamation—Believed That If Elected He Will Resign to Enter Campaign.

Dayton, Ohio, June 22.—The Democratic party of Ohio goes into the state campaign this fall with Judson Harmon as its candidate for Governor and President. The democratic state convention, which completed its labors today, indorsed him in the strongest terms for the presidency of the United States after it had renominated him for governor by acclamation.

The belief held by many delegates that the governor would resign shortly after the beginning of his new term in order to become a candidate before the next democratic national convention was voiced by former Gov. James F. Campbell.

### Opposed Indorsement.

Gov. Harmon made a futile request of the resolutions committee that they omit the presidential indorsement resolution saying he is making his present fight on state issues and did not want national issues injected into the campaign coming. He was told that it could not be prevented.

Atlee Pomerene, who himself was a candidate against Mr. Harmon for the nomination in the state convention two years ago, almost angrily demanded that he be not compelled to make the sacrifice, as he termed it, of accepting the nomination for Lieutenant Governor. Although his name was not placed in nomination, he received nearly enough votes on the first ballot to nominate him. He formally withdrew, but on the second ballot, before the roll call was completed the nomination was made unanimous. He asked time to consider the matter, and after an hour's conference with his friends announced he would accept.

I believe this announcement would not be complete if I did not add that an experience of the past two year sin placing the Battis entertainments has convinced me that, in addition to the prestige of his work as a literary masterpiece, it has proven itself to be one of the most popular entertainments available for either Chautauqua or Lyceum platform. Tonight—Ada City hall.

## SAVINGS BILL PASSES SENATE

Obtained Votes of Only Three Insurgent Republicans and One Democrat.

Washington, June 22.—After successfully resisting every attempt of progressives and democrats to amend the postal savings bank bill, the senate this afternoon accepted the measure as it came from the house by a vote of 44 to 25.

Three progressive republicans, Senator Cummins, LaFollette and Bristow, voted in the negative. Senators Dilliver and Clapp did not vote at all. One democrat, Senator Chamberlain of Oregon, voted for the bill.

### Meets Taft's Desires.

The bill as it passed the senate meets in general the desires of president Taft in the matter of postal bank legislation, and he will sign it at once.

Postmaster General Hitchcock will then begin preparation for the installation of postal savings banks, and one of the greatest constructive pieces of legislation in recent years will soon be in operation.

The establishment of these banks will be left to the discretion of the postal bank board of trustees, and it will behoove communities that desire their establishment to get in touch with the Postmaster General on the subject.

## COFFEYVILLE BOOSTERS MAKE ADA A VISIT

The special train carrying about 150 of Coffeyville, Kan., representatives and members of the Commercial Club, paid Ada a visit this morning.

They made their presence in our city known and felt by their display of energy and enthusiasm and left but little room for doubt, but that they were the real bona fide article in the booster line.

They were welcomed to our city by Mayor Little, and their speaker, ex-Senator Bennetfield, was introduced to the citizens by Hon. J. W. Davis. Senator Bennetfield then addressed the crowd briefly, but to the point after which the party scattered out into groups and spent a short time in looking over the business portion of the city.

Their special train left Coffeyville Tuesday evening at 6 o'clock and is on a tour of Eastern Oklahoma. On either side of the train, running its entire length is a huge banner bearing the legend: "Coffeyville Business Men's Special."

DeKaib (Ill.) Evening Chronicle—The audience laughed until tears came into their eyes.

## DECISION COMES TODAY

CAPITAL CASE MATTER NOW IN HANDS OF U. S. JUDGE CAMPBELL.

## THE ARGUMENTS ENDED

Judge Burwell's a Masterpiece of Logic for Defense.

"It," said Mr. Burwell, "the government of the United States sees fit to allow Oklahoma to go ahead and to locate its state capital, no individual citizen can complain, since this alleged contract was with the United States. Does not the United States, by its silence give acquiescence to the removal of the capital? It does. By its silence and failure to enforce this alleged contract, if it can be enforced, the United States acquiesces in the removal of the state capital and close the mouth of every citizen to complain."

Mr. Burwell then read the following extract from a decision of the United States supreme court: "A third party cannot take upon himself to enforce the terms of a grant when the government itself does not complain. It was within the power of the government to prosecute the breach of the contract by the state or to condone it."

Guthrie, Okla., June 22.—At 4 o'clock tomorrow afternoon Judge Campbell of the United States circuit court will hand down a decision in the capital removal case that may practically decide the matter. Arguments in the federal case were concluded this afternoon. B. F. Burwell of Oklahoma City former associate justice of the supreme court of the Territory of Oklahoma, took up the entire morning session in what is generally conceded to have been the most powerful and complete argument yet presented to the court in the afternoon Burford, Horner and Dale concluded for Guthrie, talking about thirty minutes each, and Attorney General West then closed the case in ten minutes.

Judge Campbell, who showed by several good-humored remarks during the day that he was wearying at the seemingly interminable legal discussion that has lasted two days and one night session, said he would render an opinion at 4 o'clock tomorrow afternoon, "If I can pull myself together by that time." He gave no indication of what his decision would be.

A prognostication as to what Judge Campbell's decision will be would hardly be polite to the court and might be directly opposite to what he will do. That Guthrie's case is exceptionally lacking in technical precedents is not denied even by the Guthrie attorneys. That Oklahoma City has had decidedly the best of the arguments advanced is shown by the comment on the streets, where practically every one is in favor of Guthrie, and where tonight the expression is generally heard that the case looked like it would be thrown out.

### What Decision Involves.

Judge Campbell may find, however, that this lack of matter in the suit instituted by Mr. Coyle to keep the capital, or this lack of precedent of a private individual to maintain such an action as involves a compact between the United States and a state, is apparent and not real, he may stretch his jurisdiction around the weakness presented by Guthrie in order to pass upon the one fundamental question involved, Is the enabling act binding? His decision will show.

Should the technical question as to the right of Mr. Coyle to contest in the federal court on such a matter be decided adversely to Guthrie, the case, of course, is bound to be thrown out. Should the technical question of jurisdiction be decided in favor of Guthrie, the judge has still to decide and pass upon the fundamental question of the enabling act's effectiveness. It is probable that his decision tomorrow afternoon will be upon both of these questions, since the entire case has been presented to him.

Should he throw the case out on the technical question, he may suggest, or Guthrie may find another way of going back into the federal court to get a decision on the question of the enabling act.

But should Judge Campbell affirm the effectiveness of the enabling act, he probably would grant a temporary injunction. Should he on the other hand hold the enabling act not binding, it probably would mean that the state capital would remain at Oklahoma City for the precedent of a high federal court declaring ineffective an act of congress would have a powerful effect upon a case in the state courts involving the same question.

Judge Campbell began the morning session by asking counsel to complete the arguments as soon as they could do so and do their cause justice. "You may overstrain me," he suggested, smilingly, "like they say in reference to the principals in our soon-to-be great national fight in California or Reno or wherever it may be."

## JAPAN IS SWALLOWING KOREA

Koreans Look Forward to Incorporation with Japan, Conditions Require Re-adjustment.

Washington, June 22.—Koreans are looking forward to the imminent incorporation of Korea with Japan as a consequence of the Russo-Japanese entente, according to advices received in Washington today. Information from Seoul is to that effect, in connection with the visit to Seoul of Sir Claude MacDonald, the British Ambassador at Tokio. It has been well understood at the State Department here, although not officially commented upon, that Great Britain has been consulted from day to day in the negotiations for the Russo-Japanese pact, Great Britain being Japan's ally.

Conditions in Korea are understood to require a drastic readjustment. Bearing this in mind, it is understood the appointments of General Viscount Terauchi, one time the Japanese Minister of War, as resident general in Seoul, and Mr. Isaburo Yamagata, erstwhile Minister of Communications of Japan, and the heir of Marshal Prince Yamagata, as deputy resident general, will be satisfactory to Koreans.

## HON. W. H. MURRAY IN BECKHAM CO.

WINDS UP IN SAYRE LAST NIGHT WHERE A LARGE CROWD WAITED HIM.

Explains the Difference Between Himself and Cruce on Suffrage Question.

Sayre, Okla., June 23.—Hon. Wm. H. Murray, candidate for governor made three speeches in Beckham county yesterday ending here in Sayre last night. He spoke in the opera house which was filled to overflowing. His explanation of his position upon the Torrens Land System, Indian tax, coal lands and the grandfather clause was most satisfactory to everybody. He stated that the principal difference between him and Cruce no negro suffrage was that he favored striking out all negroes but believed in permitting all white men to vote while Cruce favored an educational qualification for white men as well as negroes. He again challenged Cruce to go with him and meet him on the stump.

## MILBURN TO HAVE A BIG BARBECUE AND PICNIC

Milburn, Ok., June 22.—Milburn is to have a grand two days' barbecue and picnic July 20 and 21, at which a number of the most prominent speakers of the state are expected. Governor Haskell, United States Senator Owen, United States Senator Gore, the candidates for governor, and a number of other prominent persons have been invited to address the people. Elaborate preparations are being made to entertain the crowds expected.

## AGED NEGRO SAVES CHILD FROM BURNING

Hugo, Ok., June 22.—While playing with a toy stove at the home of J. C. Walton, little Bernice Short was badly burned by her dress catching fire from the stove. By timely appearance of a negro man, who smothered the flames the child's life was saved.

Frank Brown, Professor of Public Speaking, Drake University, Des Moines, Ia.—I have heard the best—the king's of the platform, and I have no hesitancy in pronouncing Prof. Paul F. Vielker one of the most instructive and entertaining lecturers to whom I have ever listened. Ada—Sunday afternoon.

## TALHEQUAH CROWDED SHARKS PLENTIFUL

Eastern Cherokee Fund Amounting to Four Million Dollars Now Being Distributed Among Indians.

Talhequah, Okla., June 22.—There is the biggest stir in Talhequah today since the location of the state normal at this place.

Gulon Miller and a force of four clerks and stenographers arrived today and have opened up headquarters in the old capital building for the payment of the Eastern Cherokee fund amounting to four million dollars. The first pay check was issued this morning at 9 o'clock. It is already apparent that the biggest part of the money and the greatest number of Indians will be paid at Talhequah.

The town is full to overflowing with people. Hotel accommodations are impossible to secure now and lots of tents are being erected in and near town. The business men of Talhequah are preparing for a big season while the payment lasts and money will flow through the Indian's hands like water. The usual hang-ers-on that follow big payments like this one are already in evidence, and others are coming.

Woman Gets First Check. Alice Wilson, an aunt of Senator Robert L. Owen, drew the first check in the big Cherokee payment which began here this morning. Five thousand persons were here to draw their money.

## BRIDE FAINTS; WEDDING HALTS.

Shawnee, Kan., June 22.—Miss Emma Katherine Zillhart, 26 years old, fainted at the altar in St. Joseph's Roman Catholic church here today during the ceremony that united her in marriage to James E. Fanning, a young farmer. She was carried from the church, revived with dashes of cold-water, and a few minutes later returned and finished the service. The little church was crowded when Father Theodore Schwam announced the beginning of the full Catholic wedding service. Miss Zillhart's face was seen to whiten and in a moment she sank to the floor unconscious.

Alfred L. Flude, Personal Manager.—Frequent commendations which I have heard from many of the most competent literary critics, has convinced me that Mr. Battis stands absolutely unequalled in America in the unique field he has chosen.

Entered as Second Class matter,  
March 26, 1904, at the Postoffice at  
Ada, Okla., under the Act of Congress  
of March 3, 1879.

The fair test of the negro's capacity is, what he does, when left to depend upon himself.

We know what the Celts, Saxons, Jutes, Angles, Danes and other white tribes did, when left to work out their own destiny. We see it in the state of things in which we live. We call it, christian civilization.

Now, what did the negro ever do when left to his own resources? Nothing. For thousands of years, the blacks of Africa had just as good an opportunity to evolve a civilization as the Indo-Germans had; but the savage African tribe of five thousand years is faithfully represented by the savage man-eating tribe of today.

In Liberia, were located the very best American negroes who could be induced to return to their native country. A modern state was set up and these educated emigrants from the United States, were left in control of it.

With what result? A failure so complete, so hopeless, that it would be ludicrous, were it not so tragic. Liberia, states in the British papers, that everything is at a standstill, in that unhappy state. The government has stopped running; no lawmaking is being done; no public obligations are being met; no public affairs are being attended to; and the whole thing is chaotic.

These helpless creatures are all waiting for the whites of this country to go over and take charge of them—just as the British have to do in Sierra Leone, Jamaica, etc., and as we have to do in San Domingo.

In the face of such facts, isn't it a shame that Andrew Carnegie should contend, in effect, that the negro is the superior of the white man?

(The Hearst papers, and such writers as Ella Wheeler Wilcox, are on the Carnegie line. You can't do anything with those exceptional, abnormal whites who get "nigger" on the brain. When the small number of these cranks, now living, die out, their nauseating doctrine will be heard of no more. Nothing is written more clearly in the book of fate than that the whites, in order that civilization may be conserved, are going to rule this country, without any fusion with the negro.)—Tom Watson.

Robert Hunter, one of the world's foremost Socialists, said recently: "The constitution of Oklahoma is the greatest human instrument that has ever been written." In no other organic law are the rights of the plain people so emphatically declared and so jealously guarded.

The Socialists of Oklahoma should remember these words when they go to the polls. They should remember

Next June they will return to this city bringing with them a ten with a seating capacity of over 3,000 in which they will hold union evangelistic services with the co-operation of all the pastors of the city.

While they have been in Fayette county they have been at Smithfield, Masontown and a number of other towns, at every place making hosts of friends and if they return to Uniontown the success of their meetings is assured beforehand.

Dr. Thompson will return to Uniontown in two weeks at which time he will celebrate communion service.

INGERSOLL MAN RECEIVES SERIOUS WOUNDS

Ingersoll, Ok., June 22.—Wade Shock, an employe of the Coulter Automobile Garage, received a severe wound when an emery wheel burst. A large piece hit him on the head, just above the eye, inflicting a large wound, at the same time fracturing his skull.

what party wrote that constitution and what party secured its adoption in the memorable campaign of 1907. They should remember what party opposed the constitution in the Guthrie convention, what party assailed the constitution with federal injunctions to prevent its being submitted to the suffrage of the people, what party urged the people to reject the constitution, even at the peril of losing statehood, and what party imported Roosevelt's heir apparent to advise Oklahomans to vote the constitution to death.

And now when in the state campaign now pending fully opened the socialists have to choose between the party supporting the constitution and the party assailing the constitution, they should think seriously before exercising the suffrage power. In many counties of Oklahoma a vote for a socialist candidate is equivalent to a vote for a republican candidate. In all such counties the socialists should remember the words of Robert Hunter and hesitate long before assisting to power a party that has fought with insane fury the constitution which Hunter has so warmly commended.

## THEY WILL BE HERE JULY 10

The following is taken from the Morning Herald, Uniontown, Pa., where the ministers who will conduct the Presbyterian union meeting which begins here June 10 were holding a revival.

The greatest audience which ever gathered within the Presbyterian church was present last night at the last of the series of evangelistic services that the church has been engaged in for the past two weeks. Hundreds of chairs were pressed in to service and yet the seating capacity was not able to accommodate the attendance and scores of persons were standing in the aisles and around the walls while the hallway was jammed with those unable to gain admittance.

Rev. E. E. Hendricks preached an unusually forceful sermon on "Jesus Knocking at the Door," which was pronounced by the audience one of the finest sermons that they had ever heard. The sermon of last evening was remarkable for its force, lucidity and range; it was applicable to every person in the audience.

Rev. A. L. Carter rendered one of his best solos at the service. He is the possessor of a clear, sweet voice which is well rounded and with a range by which he gives just the expression necessary in his solos to secure the proper rendition of the selection.

Yesterday afternoon Mr. Hendricks addressed a men's meeting at the church which was attended by a congregation of men which filled the entire church. He preached on "The Sin of Saul," and Rev. Mr. Carter sang as a solo, "Sheltered at the Saviour's Feet."

At the evening service eight additional converts were secured bringing the total number of converts received up to 92. At the morning service, Rev. Dr. Thomas M. Thompson, of Sharpsburg, received into the church 64 of those who have been converted through the agency of this remarkable series of meetings.

Rev. E. E. Hendricks and Rev. A. L. Carter are both natives of Nashville, Tenn., and possesses the southern charm and manner and conversation. This afternoon at 1:45, there will be a farewell service held on the platform of the P. R. R. station to bid farewell to the two evangelists who leave for New Kensington where they conduct a two weeks' series of meetings. Leaving there they will go to Canonsburg.

Next June they will return to this city bringing with them a ten with a seating capacity of over 3,000 in which they will hold union evangelistic services with the co-operation of all the pastors of the city.

While they have been in Fayette county they have been at Smithfield, Masontown and a number of other towns, at every place making hosts of friends and if they return to Uniontown the success of their meetings is assured beforehand.

## MURRAY GAINING STRENGTH.

Tide Seems Turning in Favor of the Farmer Statesman.

Reports from throughout the state indicate that Wm. H. Murray is gaining strength at a rapid rate. In southwestern Oklahoma, farmers drove as far as twenty miles to hear him present his claims, and at each meeting he was given a literal ovation.

People are looking forward with great interest to the debate between the candidates beginning on the 2nd of July. They are due in Ada on July 5th, and a great crowd is looking for.

His humor is delicious. Everybody likes his funny people, but best of all they like him. To have the blues while Kemp is around is out of the question. His is the smile that pushes back the clouds and radiates sunshine and good fellowship. Many have said, "It's worth the price just to hear Kemp laugh."

## FREE TEXT BOOKS.

Murray Would Have Law Passed Providing for Free Books to Primary Grades.

In his opening speech at Altus, Wm. H. Murray said:

In this case we are confronted with many poor families whose children are too young to assist the parent in gaining a livelihood and yet the parent is too poor to purchase their books. When the child is older, or has reached the age when the ordinary child has passed the primary grades, he can earn sufficient money with which to purchase his books, and it is necessary that the state, along with free teachers, shall furnish text books to those in the primary grade, to insure the attendance of all at school. The books required, even under the present system, which is some instances are too many books, would cost an aggregate sum of but \$177,000 to furnish text books to every child in the three first grades attending public school. Of what use is a compulsory free school system when the child is not old enough to earn sufficient money to purchase the books and the parent is unable to buy them? One would object and say "Let's furnish those only who are too poor to make the purchase," as does Iowa, but the effect of this distinction would be corrupting to the minds of the pupils—affecting not alone the children of the poor, but the children of the rich when taunted as paupers. I should not want my child sitting at the same desk or one nearby to be gloating over the condition of another whose parents were poor, with the taunt, "My papa can buy me books, but your papa is a pauper." This thought imbued from general conversation would injure my child as much as it would injure the other. The supercilious air gained in such comments would instill in his breast greater evil than the sting of poverty in the other. Hence the only solution is to furnish each and every child in a given class or grade a free book where anyone in the same grade is thus furnished. If free tuition, free school houses, free desk, and free teacher are to be furnished what lack of wisdom is there in free books? The state can well afford, without material decrease in revenue, to furnish the books to those in such grades. When the child grows older, whether the parent be able to furnish them or not, he will be old enough to earn money with which to purchase for himself the books required in his grade.

## STAMPEDE AT GRAND LEADER THIS MORNING

There is no use in talking the ladies in Ada deserve commendation on their habits of punctuality which were manifested by about one hundred and fifty of them this morning at the Grand Leader Twenty dress patterns were to be given away to the twenty ladies who should call first at the sale today. At nine o'clock when the sale began they were there and had been for—well somebody said since daylight. The time came to open the doors. Rosenfield opened the doors, the punctual ladies made a dash. Rosie made one too—to get out of the way. The screen doors were not open but they did not stand any show against a crowd of women who wanted to be on time, and went down in the crash. The ladies got into the store—that is what they went there for but some minus hair, some belts others both hair and belts and some it is said got in skirts. Such is the life in one of America's cities

## FIVE BAIN OVER THE EASTERN PART OF THE COUNTY

A fine rain is reported to have fallen over a large section of the Eastern part of the county last night or early this morning. While crops had not begun to suffer for moisture the rain was very acceptable because it almost assures good crops cooled the air and put new life into both plant and animal. A hard hail about one mile in width fell near Steedman which will make things look bad for a few days but did not do very much damage.

## TWO CHARGES WITH SELLING BOOZE

Last night Marshals Lee Price and Jim Lillard brought in Andy Blevins and Feller Blevins on a charge of selling whiskey. The two Blevins it is reported run a pool hall at Steedman and on Tuesday the 21st of this month both their hall and residence was searched and 65 pints of whiskey was found under the residence. It is furthermore alleged that Andy got full that day and took things in disturbing the peace and saying a good many hard things to and about a good many people and as a consequence he will have to face besides the charge of selling whiskey two other charges one for slander and one for disturbing the peace.

## HARMON INDORSED FOR PRESIDENCY

OHIO DEMOCRATS IN CONVENTION INDORSE HIM IN STRONGEST TERMS.

## NOMINATED FOR GOVERNOR

By Acclamation—Believed That If Elected He Will Resign to Enter Campaign.

Dayton, Ohio, June 22.—The Democratic party of Ohio goes into the state campaign this fall with Judson Harmon as its candidate for Governor and President. The democratic state convention, which completed its labors today, indorsed him in the strongest terms for the presidency of the United States after it had renominated him for governor by acclamation.

The belief held by many delegates that the governor would resign shortly after the beginning of his new term in order to become a candidate before the next democratic national convention was voiced by former Gov. James F. Campbell.

### Opposed Indorsement.

Gov. Harmon made a futile request of the resolutions committee that they omit the presidential indorsement resolution saying he is making his present fight on state issues and did not want national issues injected into the campaign coming. He was told that it could not be prevented.

Atlee Pomerene, who himself was a candidate against Mr. Harmon for the nomination in the state convention two years ago, almost angrily demanded that he be not compelled to make the sacrifice, as he termed it, of accepting the nomination for Lieutenant Governor. Although his name was not placed in nomination, he received nearly enough votes on the first ballot to nominate him. He formally withdrew, but on the second ballot, before the roll call was completed the nomination was made unanimous. He asked time to consider the matter, and after an hour's conference with his friends announced he would accept.

I believe this announcement would not be complete if I did not add that an experience of the past two year sin placing the Battis entertainments has convinced me that, in addition to the prestige of his work as a literary masterpiece, it has proven itself to be one of the most popular entertainments available for either Chautauqua or Lyceum platform. ## SAVINGS BILL PASSES SENATE

Obtained Votes of Only Three Insurgent Republicans and One Democrat.

Washington, June 22.—After successfully resisting every attempt of progressives and democrats to amend the postal savings bank bill, the senate this afternoon accepted the measure as it came from the house by a vote of 44 to 25.

Three progressive republicans, Senator Cummins, LaFollette and Bristow, voted in the negative. Senators Dolliver and Clapp did not vote at all. One democrat, Senator Chamberlain of Oregon, voted for the bill. Meets Taft's Desires.

The bill as it passed the senate meets in general the desires of president Taft in the matter of postal bank legislation, and he will sign it at once.

Postmaster General Hitchcock will then begin preparation for the installation of postal savings banks, and one of the greatest constructive pieces of legislation in recent years will soon be in operation.

The establishment of these banks will be left to the discretion of the postal bank board of trustees, and it will behoove communities that desire their establishment to get in touch with the Postmaster General on the subject.

## COFFEYVILLE BOOSTERS MAKE ADA A VISIT

The special train carrying about 150 of Coffeyville, Kan., representatives and members of the Commercial Club, paid Ada a visit this morning.

They made their presence in our city known and felt by their display of energy and enthusiasm and left but little room for doubt, but that they were the real bona fide article in the booster line.

They were welcomed to our city by Mayor Little, and their speaker, ex-Senator Bennetfield, was introduced to the citizens by Hon. J. W. Davis. Senator Bennetfield then addressed the crowd briefly, but to the point after which the party scattered out into groups and spent a short time in looking over the business portion of the city.

Their special train left Coffeyville Tuesday evening at 6 o'clock and is on a tour of Eastern Oklahoma. On either side of the train, running its entire length is a huge banner bearing the legend: "Coffeyville Business Men's Special"

DeKalb (Ill.) Evening Chronicle.—The audience laughed until tears came into their eyes

## DECISION COMES TODAY

CAPITAL CASE MATTER NOW IN HANDS OF U. S. JUDGE CAMPBELL.

## THE ARGUMENTS ENDED

Judge Burwell's a Masterpiece of Logic for Defense.

"If," said Mr. Burwell, "the government of the United States sees fit to allow Oklahoma to go ahead and to locate its state capital, no individual citizen can complain, since this alleged contract was with the United States. Does not the United States, by its silence give acquiescence to the removal of the capital? It does. By its silence and failure to enforce this alleged contract, if it can be enforced, the United States acquiesces in the removal of the state capital and close the mouth of every citizen to complain."

Mr. Burwell then read the following extract from a decision of the United States supreme court: "A third party cannot take upon himself to enforce the terms of a grant when the government itself does not complain. It was within the power of the government to prosecute the breach of the contract by the state or to condone it."

Guthrie, Okla., June 22.—At 4 o'clock tomorrow afternoon Judge Campbell of the United States circuit court will hand down a decision in the capital removal case that may practically decide the matter. Arguments in the federal case were concluded this afternoon. B. F. Burwell of Oklahoma City former associate justice of the supreme court of the Territory of Oklahoma, took up the entire morning session in what is generally conceded to have been the most powerful and complete argument yet presented to the court in the afternoon Burford, Horner and Dale concluded for Guthrie, talking about thirty minutes each, and Attorney General West then closed the case in ten minutes.

Judge Campbell, who showed by several good-humored remarks during the day that he was wearying at the seemingly interminable legal discussion that has lasted two days and one night session, said he would render an opinion at 4 o'clock tomorrow afternoon, "if I can pull myself together by that time." He gave no indication of what his decision would be.

A prognostication as to what Judge Campbell's decision will be would hardly be polite to the court and might be directly opposite to what he will do. That Guthrie's case is exceptionally lacking in technical precedents is not denied even by the Guthrie attorneys. That Oklahoma City has had decidedly the best of the arguments advanced is shown by the comment on the streets, where practically every one is in favor of Guthrie, and where tonight the expression is generally heard that the case looked like it would be thrown out.

### What Decision Involves.

Judge Campbell may find, however, that this lack of matter in the suit instituted by Mr. Coyle to keep the capital, or this lack of precedent of a private individual to maintain such an action as involves a compact between the United States and a state, is apparent and not real, he may stretch his jurisdiction around the weakness presented by Guthrie in order to pass upon the one fundamental question involved. Is the enabling act binding? His decision will show.

Should the technical question as to the right of Mr. Coyle to contest in the federal court on such a matter be decided adversely to Guthrie, the case, of course, is bound to be thrown out. Should the technical question of jurisdiction be decided in favor of Guthrie, the judge has still to decide and pass upon the fundamental question of the enabling act's effectiveness. It is probable that his decision tomorrow afternoon will be upon both of these questions, since the entire case has been presented to him.

Should he throw the case out on the technical question, he may suggest, or Guthrie may find another way of going back into the federal court to get a decision on the question of the enabling act.

But should Judge Campbell affirm the effectiveness of the enabling act, he probably would grant a temporary injunction. Should he on the other hand hold the enabling act not binding, it probably would mean that the state capital would remain at Oklahoma City for the precedent of a high federal court declaring ineffective an act of congress would have a powerful effect upon a case in the state courts involving the same question.

Judge Campbell began the morning session by asking counsel to complete the arguments as soon as they could do so and do their cause justice. "You may overtrain me," he suggested, smilingly, "like they say in reference to the principals in our soon-to-be great national fight in California or Reno or wherever it may be."

## JAPAN IS SWALLOWING KOREA

Koreans Look Forward to Incorporation with Japan. Conditions Require Re-adjustment.

Washington, June 22.—Koreans are looking forward to the imminent incorporation of Korea with Japan as a consequence of the Russo-Japanese entente, according to advices received in Washington today. Information from Seoul is to that effect, in connection with the visit to Seoul of Sir Claude MacDonald, the British Ambassador at Tokio. It has been well understood at the State Department here, although not officially commented upon, that Great Britain has been consulted from day to day in the negotiations for the Russo-Japanese pact, Great Britain being Japan's ally.

Conditions in Korea are understood to require a drastic readjustment. Bearing this in mind, it is understood the appointments of General Viscount Terauchi, one time the Japanese Minister of War, as resident general in Seoul, and Mr. Isaburo Yamagata, erstwhile Minister of Communications of Japan, and the heir of Marshal Prince Yamagata, as deputy resident general, will be satisfactory to Koreans.

## HON. W. H. MURRAY IN BECKHAM CO.

WINDS UP IN SAYRE LAST NIGHT WHERE A LARGE CROWD WAITED HIM.

Explains the Difference Between Himself and Cruce on Suffrage Question.

Sayre, Okla., June 23.—Hon. Wm. H. Murray, candidate for governor made three speeches in Beckham county yesterday ending here in Sayre last night. He spoke in the opera house which was filled to overflowing. His explanation of his position upon the Torrens Land System, Indian tax, coal lands and the grandfather clause was most satisfactory to everybody. He stated that the principal difference between him and Cruce no negro suffrage was that he favored striking out all negroes but believed in permitting all white men to vote while Cruce favored an educational qualification for white men as well as negroes. He again challenged Cruce to go with him and meet him on the stump.

## MILBURN TO HAVE A BIG BARBECUE AND PICNIC

Milburn, Ok., June 22.—Milburn is to have a grand two days' barbecue and picnic July 20 and 21, at which a number of the most prominent speakers of the state are expected. Governor Haskell, United States Senator Owen, United States Senator Gore, the candidates for governor, and a number of other prominent persons have been invited to address the people. Elaborate preparations are being made to entertain the crowds expected.

## AGED NEGRO SAVES CHILD FROM BURNING

Hugo, Ok., June 22.—While playing with a toy stove at the home of J. C. Walton, little Bernice Short was badly burned by her dress catching fire from the stove. By timely appearance of a negro man, who smothered the flames the child's life was saved.

Frank Brown, Professor of Public Speaking, Drake University, Des Moines, Ia.—I have heard the best—the king's of the platform, and I have no hesitancy in pronouncing Prof. Paul F. Vielker one of the most instructive and entertaining lecturers to whom I have ever listened. Ada—Sunday afternoon

## TABLEQUAH CROWDED SHARKS PLENTIFUL

Eastern Cherokee Fund Amounting to Four Million Dollars Now Being Distributed Among Indians.

Tablequah, Okla., June 22.—There is the biggest stir in Tablequah today since the location of the state normal at this place. Guion Miller and a force of four clerks and stenographers arrived today and have opened up headquarters in the old capital building for the payment of the Eastern Cherokee fund amounting to four million dollars. The first pay check was issued this morning at 9 o'clock. It is already apparent that the biggest part of the money and the greatest number of Indians will be paid at Tablequah.

The town is full to overflowing with people. Hotel accommodations are impossible to secure now and lots of tents are being erected in and near town. The business men of Tablequah are preparing for a big season while the payment lasts and money will flow through the Indian's hands like water. The usual hangers-on that follow big payments like this one are already in evidence, and others are coming.

### Woman Gets First Check.

Alice Wilson, an aunt of Senator Robert L. Owen, drew the first check in the big Cherokee payment which began here this morning. Five thousand persons were here to draw their money.

## BRIDE FAINTS; WEDDING HALTS.

Shawnee, Kan., June 22.—Miss Emma Katherine Zillhart, 26 years old, fainted at the altar in St. Joseph's Roman Catholic church here today during the ceremony that united her in marriage to James E. Tanning, a young farmer. She was carried from the church, revived with dashes of cold-water, and a few minutes later returned and finished the service. The little church was crowded when Father Theodore Schwam announced the beginning of the full Catholic wedding service. Miss Zillhart's face was seen to whiten and in a moment she sank to the floor unconscious.

Alfred L. Flude, Personal Manager.—Frequent commendations which I have heard from many of the most competent literary critics, has convinced me that Mr. Battis stands absolutely unequalled in America in the unique field he has chosen.

Entered as Second Class matter, March 26, 1904, at the Postoffice at Ada, Okla., under the Act of Congress of March 3, 1879.

The fair test of the negro's capacity is, what he does, when left to depend upon himself.

We know what the Celts, Saxons, Jutes, Angles, Danes and other white tribes did, when left to work out their own destiny. We see it in the state of things in which we live. We call it, christian civilization.

Now, what did the negro ever do, when left to his own resources? Nothing. For thousands of years, the blacks of Africa had just as good an opportunity to evolve a civilization as the Indo-Germans had; but the savage African tribe of five thousand years is faithfully represented by the savage man-eating tribe of today.

In Liberia, were located the very best American negroes who could be induced to return to their native country. A modern state was set up and these educated emigrants from the United States, were left in control of it.

With what result? A failure so complete, so hopeless, that it would be ludicrous, were it not so tragic.

An English traveler, recently, from Liberia, states in the British papers, that everything is at a standstill, in that unhappy state. The government has stopped running; no lawmaking is being done; no public obligations are being met; no public affairs are being attended to; and the whole thing is chaotic.

These helpless creatures are all waiting for the whites of this country to go over and take charge of them—just as the British have to do in Sierra Leone, Jamaica, etc., and as we have to do in San Domingo.

In the face of such facts, isn't it a shame that Andrew Carnegie should contend, in effect, that the negro is the superior of the white man?

(The Hearst papers, and such writers as Ella Wheeler Wilcox, are on the Carnegie line. You can't do anything with those exceptional, abnormal whites who get "nigger" on the brain. When the small number of these cranks, now living, die out, their nauseating doctrine will be heard of no more. Nothing is written more clearly in the book of fate than that the whites, in order that civilization may be conserved, are going to rule this country, without any fusion with the negro.)—Tom Watson.

Robert Hunter, one of the world's foremost Socialists, said recently: "The constitution of Oklahoma is the greatest human instrument that has ever been written." In no other organic law are the rights of the plain people so emphatically declared and so jealously guarded.

The Socialists of Oklahoma should remember these words when they go to the polls. They should remember

## THE Ada National Bank

Has assisted more local enterprises than any other Bank in the City.

If you have unfinished business with this Bank for 1909 attend to it at once.

## Ada National Bank

what party wrote that constitution and what party secured its adoption in the memorable campaign of 1907. They should remember what party opposed the constitution in the Guthrie convention, what party assailed the constitution with federal injunctions to prevent its being submitted to the suffrage of the people, what party urged the people to reject the constitution, even at the peril of losing statehood, and what party imported Roosevelt's heir apparent to advise Oklahomans to vote the constitution to death.

And now when in the state campaign now pending fully opened the socialists have to choose between the party supporting the constitution and the party assailing the constitution, they should think seriously before exercising the suffrage power. In many counties of Oklahoma a vote for a socialist candidate is equivalent to a vote for a republican candidate. In all such counties the socialists should remember the words of Robert Hunter and hesitate long before assisting to power a party that has fought with insane fury the constitution which Hunter has so warmly commended.

## THEY WILL BE HERE JULY 10

The following is taken from the Morning Herald, Uniontown, Pa., where the ministers who will conduct the Presbyterian union meeting which begins here June 10 were holding a revival.

The greatest audience which ever gathered within the Presbyterian church was present last night at the last of the series of evangelistic services that the church has been engaged in for the past two weeks. Hundreds of chairs were pressed into service and yet the seating capacity was not able to accommodate the attendance and scores of persons were standing in the aisles and around the walls while the hallway was jammed with those unable to gain admittance.

Rev. E. E. Hendricks preached an unusually forceful sermon on "Jesus Knocking at the Door," which was pronounced by the audience one of the finest sermons that they had ever heard. The sermon of last evening was remarkable for its force, lucidity and range; it was applicable to every person in the audience.

Rev. A. L. Carter rendered one of his best solos at the service. He is the possessor of a clear, sweet voice which is well rounded and with a range by which he gives just the expression necessary in his solos to secure the proper rendition of the selection.

Yesterday afternoon Mr. Hendricks addressed a men's meeting at the church which was attended by a congregation of men which filled the entire church. He preached on "The Sin of Saul," and Rev. Mr. Carter sang as a solo, "Sheltered at the Saviour's Feet."

At the evening service eight additional converts were secured bringing the total number of converts received up to 92. At the morning service, Rev. Dr. Thomas M. Thompson, of Sharpsburg, received into the church 64 of those who have been converted through the agency of this remarkable series of meetings.

Rev. E. E. Hendricks and Rev. A. L. Carter are both natives of Nashville, Tenn., and possesses the southern charm and manner and conversation. This afternoon at 1:45, there will be a farewell service held on the platform of the P. R. R. station to bid farewell to the two evangelists who leave for New Kensington where they conduct a two weeks' series of meetings. Leaving there they will go to Canonsburg.

Next June they will return to this city bringing with them a ten with a seating capacity of over 2,000 in which they will hold union evangelistic services with the co-operation of all the pastors of the city.

While they have been in Fayette county they have been at Smithfield, Masontown and a number of other towns, at every place making hosts of friends and if they return to Uniontown the success of their meetings is assured beforehand.

Dr. Thompson will return to Uniontown in two weeks at which time he will celebrate communion service.

## INGERSOLL MAN RECEIVES SERIOUS WOUNDS

## MURRAY GAINING STRENGTH

Tide Seems Turning in Favor of the Farmer Statesman.

Reports from throughout the state indicate that Wm. H. Murray is gaining strength at a rapid rate. In southwestern Oklahoma, farmers drove as far as twenty miles to hear him present his claims, and at each meeting he was given a literal ovation.

People are looking forward with great interest to the debate between the candidates beginning on the 2nd of July. They are due in Ada on July 5th, and a great crowd is looked for.

His humor is delicious. Everybody likes his funny people, but best of all they like him. To have the blues while Kemp is around is out of the question. His is the smile that pushes back the clouds and radiates sunshine and good fellowship. Many have said, "It's worth the price just to hear Kemp laugh."

## FREE TEXT BOOKS.

Murray Would Have Law Passed Providing for Free Books to Primary Grades.

In his opening speech at Altus, Wm. H. Murray said:

In this case we are confronted with many poor families whose children are too young to assist the parent in gaining a livelihood and yet the parent is too poor to purchase their books. When the child is older, or has reached the age when the ordinary child has passed the primary grades, he can earn sufficient money with which to purchase his books, and it is necessary that the state, along with free teachers, shall furnish text books to those in the primary grade, to insure the attendance of all at school. The books required, even under the present system, which is some instances are too many books, would cost an aggregate sum of but \$177,000 to furnish text books to every child in the three first grades attending public school. Of what use is a compulsory free school system when the child is not old enough to earn sufficient money to purchase the books and the parent is unable to buy them? One would object and say "let's furnish those only who are too poor to make the purchase," as does Iowa, but the effect of this distinction would be corrupting to the minds of the pupils—affecting not alone the children of the poor, but the children of the rich when taunted as paupers. I should not want my child sitting at the same desk or one nearby to be gloating over the condition of another whose parents were poor, with the taunt, "My papa can buy me books, but your papa is a pauper." This thought bubbled from general conversation would injure my child as much as it would injure the other. The supercilious air gained in such comments would instill in his breast greater evil than the sting of poverty in the other. Hence the only solution is to furnish each and every child in a given class or grade a free book where anyone in the same grade is thus furnished. If free tuition, free school houses, free desk, and free teacher are to be furnished what lack of wisdom is there in free books? The state can well afford, without material decrease in revenue, to furnish the books to those in such grades. When the child grows older, whether the parent be able to furnish them or not, he will be old enough to earn money with which to purchase for himself the books required in his grade.

## STAFFED AT LEADER THIS MORNING

There is no use in talking the ladies in Ada deserve commendation on their habits of punctuality, which were manifested by about one hundred and fifty of them this morning at the Grand Leader. Twenty dress patterns were to be given away to the twenty ladies who should call first as the sale today. At nine o'clock when the sale began they were there and had been for—well somebody said since daylight. The time came to open the doors. Rosenfeld opened the doors; the punctual ladies made a dash; 'Rosie' made one too—to get out of the way. The screen doors were not open, but they did not stand any show against a crowd of women who wanted to be on time, and went down in the crash. The ladies got into the store—that is what they went there for, but some were minus hair, some belts, others both hair and belts, and some, it is said, got in skirtless. Such is the life in one of America's cities.

## FINE RAIN OVER THE EAST—ERN PART OF THE COUNTRY

A fine rain is reported to have fallen over a large section of the Eastern part of the country last night or early this morning. While crops had not begun to suffer for moisture the rain was very acceptable, because it almost assures good crops, cooled the air and put new life into both plant and animal. A hard hail about one mile in width fell near Steedman which will make things look bad for a few days but did not do very much damage.

## The Schulz-Leigh Concert Co.

The personnel of this company consist of Mr. Forest Schulz, Violin Instructor of the Southwestern Normal and Miss Bessie Leigh, Reader and Interpreter of literature. Each is an artist of the best type and will delight as well as instruct any audience before whom they appear. To miss hearing them is to lose a rare treat.

Hear them at city hall this evening.

## The Chautauqua.

The Chautauqua began yesterday afternoon indeed. The city hall was filled with a large and appreciative audience both in the afternoon and evening. The Otterbein Quartet was just a little more than it was advertised. Gov. Buchtel makes you feel proud of the fact that you are living in the grand old U. S. A. This afternoon and evening Schulz-Leigh Co. and William Sterling Battis this evening. Hear them.

## Miss Case's New Home.

The finishing touches are being put on Miss Case's new home near the Normal building. This new home is a roomy one, built with a view of accommodating a number of roomers and is being prettily furnished for that purpose. Miss Case will either superintend the household, with assistance of a matron, or will rent the whole house to some one.

## Double Entertainment.

Mrs. G. T. Howerton served ice cream and cake Tuesday night in honor of Miss Treva Smith of Mineral Wells, Tex., who has been attending the state normal this year, and will return to Mineral Wells in a few days. Mrs. Howerton also entertained her music class of quite a number of girls.

## Two Indians Fined for Drunkenness.

Nick Wolridge and Johnston Porter, Indians, were arrested by Officers Goynes and Brady and placed in the city jail last night on a charge of drunkenness. This morning they were taken before a police court and fined but not being able to pay their fines were remanded to jail again to enjoy a few hot evenings.

## Court House News.

Luke Jenkins and Albert Dunn were arrested on a charge of selling whiskey. They made bond for their appearance in county court which will convene in July.

## TWO CHARGED WITH SELLING BOOZE

Last night Marshals Lee Price and Jim Lillard brought in Andy Blevins and Feller Blevins on a charge of selling whiskey. The two Blevins it is reported run a pool hall at Steedman and on Tuesday the 21st of this month both their hall and residence was searched and 65 pints of whiskey was found under the residence. It is furthermore alleged that Andy got full that day and took things in, disturbing the peace and saying a good many hard things to and about a good many people, and as a consequence he will have to face besides the charge of selling whiskey, two other charges one for slander and one for disturbing the peace.

## OVER THE STATE.

Yielding to the death bed plea of a wife and that of six children, who wanted the husband and father near them on the arrival of the reaper, Governor Haskell Tuesday morning granted a sixty day parole to W. M. Stephens, who has been confined in the state penitentiary.

Ben Lester, juvenile delinquent, who was sentenced to the Wynnewood reformatory by Judge Sam Hooker at Oklahoma City yesterday morning, entertained the spectators and courtroom attached by a denunciation of Judge Hooker and Truant Officer Streeter and an attack upon Assistant County Attorney A. T. Boys when the latter attempted to lead him from the courtroom.

A young man giving the name of C. M. Hardman, and claiming to be the son of a millionaire oil operator is missing from Tulsa, after having issued several hundred dollars worth of bogus checks. He rented a well suite of office rooms, bought automobiles, and became engaged to marry one of that city's young society belles. He claimed to be an attorney and claim collector.

Attorney General West, in an opinion to State Auditor M. E. Trapp, holds that state warrants can legally be issued at either Guthrie or Oklahoma City while the settlement of the state capital matter is pending. Trapp, who lives in Guthrie, refuses to issue warrants for any amount. Mr. West says the various state boards that are required to meet at the state capital can not meet for the transaction of further business until the state capital proposition has been definitely settled.

Four people are dead at Marietta, as a result of wood alcohol poisoning. Three of the dead are Mexican tamale vendors, one of them being a woman. The fourth victim is a negro. One bad feature of the case is that the negro did not tell others of his tribe where he got the dope.

#### "GRANDFATHER" CLAUSE PROTESTS DISMISSED

Supreme Court Rules That Election  
Law of 1910 Is Operative.

Guthrie, Okla., June 22—A decision of two-fold value was handed down by the state supreme court here today, Associate Justice Williams writing the opinion. The court upholds Secretary of State Bill Cross

in overruling the protests filed against the "grandfather clause" initiative petitions by the socialists and the three aged negro voters of Guthrie and in passing upon the case before them found that the 1910 initiative and referendum law became effective when it was signed by Governor Haskell last March and is now the governing law over elections held under the initiative and referendum

The significance of this decision of the court that the 1907-1908 initiative and referendum election law has been superseded by that of 1910 (Senate Bill No. 126 by Senator Taylor) will be appreciated when it is recalled that the new law provides the special ballot for the vote on the grandfather clause and further that the republicans have recently filed two referendum petitions against the 1910 law, which the court now finds to have gone into effect three months ago

The necessity of deciding whether the 1907-1908 or 1910 law prevailed relative to elections under the initiative and referendum was due to the fact that the question before the court hinged directly on that point. The protestants against the "grandfather clause" petitions contended that notices were served contrary to the 1907-1908 law. The secretary of state set up the defense that they were served in accordance with the 1910 law and it was up to the court to decide which law now prevails

That the republicans will immediately attack the validity of the 1910 law is believed, though in what manner is not known

#### REPUBLICAN PARTY PLATFORM BY LEADING REPUBLICAN PRESS

The Tulsa World one of the sincerest and most influential republican Oklahoma newspapers, editorially remarks the following regarding the republican state platform lately adopted at Guthrie

"A strong minority party always capable of grasping the reins of government from the majority party when that party becomes unsafe, is a necessity of popular government. The necessity was never more apparent than in Oklahoma at the present time. But the record of the republican state convention, held in Guthrie Thursday gives no satisfactory proof that the republican organization in Oklahoma understands either the opportunity presented or what the people require of it

The convention is passed and the platform is made up. The harm, if harm there is, has been done. The opportunity for doing something great, if such an opportunity was presented, is past. It may, therefore be argued that criticism is idle, that the necessity now is to make the best of things. And, in a sense, that is true. Still, according to the World's standards, it is necessary for every man in the present posture of affairs, to save his exceptions

The convention at Guthrie was machine politics in some of its most successful exhibitions. The platform is not a platform to appeal to the independent voting class. It is largely given over to two subjects. National issue and mere opposition to the present state regime. The national issues should have been left out. Lugging in river navigation rural free delivery, anti-trust legislation and other congressional subjects was puerile. Raising the Aldrich-Payne tariff law question was unnecessary, another one of those instances where men do things that can not possibly add to their strength while fraught with great danger of weakening them

The republican party of Oklahoma stands in the record as endorsing the tariff law, yet the republicans of Oklahoma do no such thing

The last republican platform should have been endorsed and President Taft should have been endorsed. There the endorsement business should have stopped

And at the same identical point the platform should have begun its constructive planks with regard to state affairs. The point should not be lost sight of that the officers to be elected in Oklahoma have to do only with state government. The present state regime should have been condemned, but condemning the present state administration without specifying in what particular the republicans propose to remedy affairs is not, to put it lightly, a very high class of statesman ship. Had the platform been prepared by delegates, after conferring with the capable men of the party, instead of by the estate committee, it would have read vastly different

#### HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character, far from it. The disposition of the average bald-headed man is to show such solicitude for the welfare of others that he neglects himself. A germ causes baldness. Prof. Sabouraud, of Paris, France, inoculated a rabbit with Bacillus germ, causing it to become totally bald in five weeks time.
